### EASTERN SIBERIA'S PRODUCTION

(Note: In comparing recent production with that of the period before the Great War, it must be borne in mind that the administrative division of Tsarist Russia was different from the present one. However, Krasnoyarsk Krai corresponds more or less to the former Yenisei Oblast; Irkutsk Oblast to the Irkutsk Gouvernement; Chita Oblast and the Buryat-Mongol ASSR together to the former Trans-Baikal Oblast; the Yakut ASSR to the former Yakut Oblast; Khabarovsk Krai to the former Amur Oblast; and Primorsk Krai to the former Primorsk Oblast.)
